

**Fuel Cell Blower  
BNHP-35**

Features

- Partial Emission Centrifugal Blower
- Hermetic Design - no dynamic seals
- Aluminum Housings
- Brushless DC Motor / 250-450V DC
- Liquid Cooled Motor / Bearings / Controller
- High-Speed Ceramic Ball Bearings
- Integrated Controllers (Sensor/Sensorless)
- Variable Speed to 40,000 RPM for wide-range performance
- Weight 4.5 kg (9.9 lb)
- Successfully Passed Environmental Qualification Testing

Designation	[mm]	[in]
A	290	11.4
B	156	6.1
