

Liquid Hydrogen Pump BNHP-29

Features

- Partial emission centrifugal pump
- Hermetic design - no dynamic seals
- Thin wall design to minimize heat leak
- Vacuum housing allows the pump to be removed from system for regular maintenance without breaking the cold box vacuum
- Air-cooled motor
- Variable speed provides a wide range of head and flow
- CE Mark with ATEX (explosion proof) rating

Designation	[mm]	[in]
A	557	21.9
B	333	13.1
