

**Fuel Cell Blowers**  
**BNHP-35X**

Features

- Partial Emission Centrifugal Blower
- Hermetic Design - no dynamic seals
- Aluminum Housings
- High-Speed Ceramic Ball Bearings
- Liquid Cooled Motor / Controller
- Brushless DC Motor / 200-600+ VDC
- Integrated Controllers (Sensor and/or Sensorless)
- Variable Speed to 40,000 RPM for wide-range performance
- CAN or RS422 Communications
- Weight 4.5 kg (9.9 lb)
- Successfully Passed Environmental Qualification Testing

Designation	[mm]	[in]
A	290	13.1
B	156	6.1

**\*I-IV We customize to meet your criteria**
